Admissions and Application Information

Admission to the Master of Social Work (MSW) and the Master of Nonprofit Organizations (MNO) programs at the Jack, Joseph, and Morton Mandel School of Applied Social Sciences is granted on the basis of a holistic application review. This review considers lived experiences, academic background, a demonstrated commitment to equity and social justice, the quality of reference letters, and the person statement. The application requirements are the same for all program formats. This includes the On-Campus Weekly MSW, Intensive Weekend MSW, Online MSW and MNO program.

An applicant for admission is expected to meet the following minimum requirements:

- A bachelor's degree from an accredited college or university.
- Some evidence of capacity to succeed in graduate level education based on undergraduate coursework and insights from letters of recommendation.
- A minimum undergraduate grade-point average is 2.7 for general admission. Candidates with a cumulative GPA below 2.7 may be considered for probationary admission.
- A personal commitment to social justice, empowering individuals, making society more inclusive and equitable and/or working alongside a wide variety of groups, communities, and organizations in the nonprofit, government, and/or for-profit sectors.
- To best support the admission process, the school or an applicant may request a personal interview or additional information about an applicant based on the recommendation of the admissions committee.
- **For advanced standing MSW applicants only:** Baccalaureate Social Work (BSW) degree graduates from a CSWE accredited program within the last seven years* enter our MSW with advanced standing credit. Eligible BSW students automatically receive 21 advanced standing credit hours toward the 60 credit hour MSW program. Advanced Standing students have demonstrated mastery of the core competencies and will not repeat generalist courses.

*Applicants with a BSW from a CSWE accredited program, but who completed the degree beyond the 7 year post-graduation requirement, may submit a written request for advanced standing consideration to the Mandel School. The exemptions are based on social work experience and continuing education activities.

The Mandel School will also award advanced standing credit to international students that have received official notification from the International Social Work Degree Recognition and Evaluation Service (ISWDRES) that the BSW they earned is equivalent to a CSWE accredited program and recognized by ISWDRES. The advanced standing policy is administered the same for all three MSW program formats: On-Campus Weekly, On-Campus Intensive Weekend and Online.

The BSW must have been earned within the last seven years*, from the date of admission, to receive advanced standing. Eligible students will automatically receive 21 advanced standing credit hours (listed below). Advanced standing students will be required to complete 39 credit hours to earn the MSW.

Please note field education and seminar course numbers may vary by format.

Transfer Credit

Students who have completed graduate-level social work, nonprofit management or graduate level courses in a related field other than social work or nonprofit management may request an evaluation of coursework for approval of eligible/comparable courses with a grade of B or better (3.0 on a 4.0 scale) earned within the last 7 years.

Students who are transferring to the Mandel School from another accredited graduate school of social work may apply for transfer credit for up to 12 credit hours of academic work and/or field education. Transfer students from social work programs must submit fieldwork evaluations, final official transcripts, course syllabi and the *Request for Evaluation of Transfer Credit* form. Please note the Transfer Credit and Advanced Standing Credit for Masters of Social Work Students are separate processes and may not be combined.

Transfer credit (6 credit hour limit) may be given for related, but non-social work, coursework completed within the past seven years. Credit hours must not have been applied toward a previous graduate degree. Students must have received a grade of B or better in any course for which transfer credit is sought. Course syllabi, *Request for Transfer Credit Evaluation* form and official transcript must be submitted to the Mandel School Office of Admissions.

Students who are transferring to the Mandel School from another accredited graduate school of nonprofit management may apply for transfer credit for up to 12 credit hours. Final official transcripts, course syllabi for each course transfer credit is requested and *Request for Transfer Credit Evaluation* form must be submitted to the Mandel School Office of Admissions.

Courses approved for transfer credit are not used in computing the student's GPA. Quarter hours will be converted to semester hours. Transfer credit is not eligible for credit hours that have been applied toward the completion of a previous graduate degree.

International Students

In addition to our **standard application requirements**, international students must also provide the following information:

Transcript Evaluation

If you completed a bachelor's degree from a college or university outside of the United States, we encourage you to provide a transcript evaluation. A transcript evaluation may be used in place of a transcript provided directly from the institution for your past academic history.

A transcript evaluation is optional if your university transcripts include:

- Degree name
- Grading scale
- Cumulative GPA/total average score
- GPA certificate, if cumulative GPA is not noted on transcript
- Detailed listing of classes by term

The admissions committee will request a transcript evaluation if the degree equivalency (for example 3-year degree), there is no GPA, and/or the transcripts are not translated in English.

If you decide to submit a transcript evaluation, please note that most evaluation services offer two types of reports. We recommend you order a Course-By-Course evaluation. The required documents vary by the country in which the degree was earned and the level of education received. Below are two Transcript evaluation services that are recommended by the Mandel School.

- World Education Services (WES)
- SpanTran

Demonstration of English Proficiency

If English is not recognized as your country's official language, you will be required to submit a Test of English as a Foreign Language (TOEFL), International English Language Testing System (IELTS), or Duolingo English Test score. The Mandel School code for TOEFL is 1105.

- The minimum TOEFL required scores are 577 (paper-based) or 90 (internet-based)
- The minimum score for the International English Language Testing System (IELTS) is 7.0
- The minimum score for the Duolingo English Test is 115

Official results of this test must be forwarded to the Mandel School Office of Admissions.

You are exempt from proficiency testing if you meet any of the following criteria:

- English is recognized as your country of birth's official language according to the **CIA World Factbook**.
- You have completed work at an international university where English is the language of instruction
- You have studied at or graduated from an institution in the United States.

Proof of Financial Support

If admitted to the program, international students must provide proof of financial support. Once admitted, you will be asked to provide original bank documents as evidence of support to cover educational and living expenses for one academic year. This supporting documentation will be required to confirm enrollment and initiate the appropriate immigration and visa process. The proof of financial support can include the first year of the anticipated scholarship awards from the Mandel School.

Advanced Standing Options for Students that Complete a BSW Outside of the US

Students holding a BSW from their country of origin may be eligible for advanced standing. Applicants should contact the Council on Social Work Education (CSWE) International Social Work Degree Recognition and Evaluation Service directly and ask to have their program reviewed.

An international applicant who holds a Master of Social Work (MSW) degree for his or her country may request a credit review for transfer credit. The Mandel School may award up to 12 transfer credit hours (including field education).

Please note that materials submitted for application cannot be returned to the applicant.

Academic Standing and Academic Difficulty

Probation and Dismissal Policies

Probation Based on Academic Performance

A student who receives a grade point average below 3.0 in any semester or cumulative will be placed on probation. A student on probation must obtain at least a 3.0 average in the subsequent semester in order to be removed from probation. Since probationary status may have financial aid implications, students on probation are directed to contact the financial aid office upon determination of probationary status.

Probationary Leave

If a student accumulates three or more grades of "Incomplete," they may not enroll in the subsequent course or term and will be considered to be "on probationary leave" from the program. This policy includes grades of "Incomplete" in Field Education. These students will be required to clear all but one grade of "Incomplete" on their record before they will be allowed to re-enroll in School.

Dismissal Based on Academic Performance

A student will not be permitted to continue in the program if he, she or they receives:

- a. A second concurrent grade of F in the program, or two semesters of No Pass (NP) in field education or No Pass (NP) in any course;
- b. A grade point average (GPA) of 2.0 or below in any one semester or cumulative;
- c. A grade point average (GPA) less than 2.8 entering the final semester;
- d. If a student admitted on academic probation does not earn a 3.0 GPA in the first semester; If a student admitted on academic probation earns No Pass in field at any time, the student will be academically dismissed.
- e. For part-time, Intensive Weekend, and online students, these policies apply in two semester blocks of time.

A **NO PASS** (NP) counts as F for purposes of determining academic standing.

Dismissal Based on Non- Academic Performance

Failure to meet generally accepted standards of professional conduct, personal integrity, or emotional stability requisite for professional practice, inappropriate or disruptive behavior toward colleagues, faculty or staff (at school or in field sites) will be the basis for nonacademic termination. This determination would be based on the Committee on Students' ruling.

If a student believes their dismissal was based on age, ancestry, color, disability, ethnicity, gender, gender identity or expression, genetic information, HIV/AIDS status, military status, national origin, pregnancy, race, religion, sex, sexual orientation, or veteran status, or any other bases under the law, then the student has the right to appeal the decision to the Committee on Students.

STUDENTS COMPLETING WORK BEYOND THE END OF A SEMESTER may be subject to academic actions at any point within the next semester. Students will be academically withdrawn from their courses and their records updated based on academic decision.

Students will be fully responsible for all financial obligations up to the date of academic action.

University Registrar requires letters of academic standing indicating probation or dismissal be sent to the student at the address on file in the Student Information System (SIS). Letters of dismissal are sent by priority mail and/or electronically by confidential E-LETTER. Letters of probation are sent regular first-class mail delivery and/or electronically by confidential E-LETTER.

Incomplete in Academic Courses

- a. A grade of Incomplete is given at the end of the semester only when a student has discussed the matter with his/her/their instructor and there are **extenuating circumstances** that clearly justify an extension beyond the requirements established for the other students in the class.
- b. The student and the instructor must agree on a due date for fulfilling the requirements for the Incomplete. A signed *Request for an Incomplete Grade* (by both the instructor and student) **must** then be submitted to the Mandel School Registrar by the instructor. This form can also be printed from the Mandel School Academic Resources website. **The extension may not go beyond the end of the subsequent term (fall, spring, summer).** The form must be specific in what assignment(s) are due and the date(s) by which assignment(s) must be submitted. For administrative purposes, instructors must submit final grades for Incomplete as soon as coursework is submitted and graded.
- c. If a student fails to remove the incomplete within the specified time, he/she/they forfeit the privilege of completing the course for credit and the instructor must assign a grade of F. For exceptional situations in which there are extenuating circumstances, the student and advisor may request, in writing, an extension beyond one semester from the Associate Dean for Academic Affairs, with the instructor's approval.
- d. If a student accumulates three or more grades of "Incomplete," he/she/they may not enroll in the subsequent course or term and will be considered to be "on probationary suspension/probationary leave" from the program. This policy includes grades of "Incomplete" in Field Education. These students will be required to clear all but one grade of "Incomplete" on their records before they will be allowed to re-enroll in school.

Incomplete in Field Education

An Incomplete for fieldwork should be treated in the same manner as an Incomplete in academic courses. An Incomplete is only appropriate when insufficient hours were spent in placement, or assignments were not finished for reasons of illness or other excused absences. An Incomplete is also used for field education when the student is assessed to be performing at the marginal level and a remediation plan is required to be completed prior to a determination being made as to whether the student receives a P or an NP for the field period. A grade of Incomplete must be removed before entering the subsequent semester of fieldwork.

Late Assignments

Assignments are due on the date assigned. Exceptions must be cleared in advance with the instructor. In the absence of a mutual agreement by the student and instructor, the instructor is not obligated to accept papers and a grade of "F" can be entered for the assignment. If the instructor determines justifiable circumstances, additional time may be granted.

Course Repeat Option

Mandel School students may petition the Associate Dean of Academic Affairs to repeat a maximum of two courses during their degree program in order to improve their performance. When a course is repeated, the first grade will remain visible on the transcript but will be removed from the calculation of the cumulative grade point average and the grade point average for the semester in which the course was first taken. The new grade will then be used for the calculation of the cumulative grade point average and the grade point average for the semester in which it was earned, regardless of whether the new grade is higher or lower than the first grade. The student's transcript will show the comment "Repeated: No credit awarded" directly below the original grade. However, if the first attempt of the course resulted in a passing grade, but the second attempt results in a failing grade, then the original grade will remain. Similarly, if a student withdraws from a course that is being repeated, the Course Repeat Option will not be applied and the original grade will stand.

This option may be exercised according to the following criteria:

- The course repeat option can only be used on courses in which a grade of C or lower was earned; Courses with a grading basis of P/NP are not eligible under this policy;
- A student may not use the Pass/No Pass Option on a course that is being repeated;
- A student may only use the repeat option on the same course;
- The course repeat option may not be exercised after a degree has been awarded;
- Approval from the Associate Dean of Academic Affairs is required;
- The tuition and associated fees for a repeated course will be the responsibility of the student.

Readmission to Candidacy

A student who leaves the Mandel School in good standing without completing the requirements for the degree may re-enter within a three-year period and receive credit for previous work. Any former student who wishes to complete degree requirements and who has been out of school for two years or more may be required to reapply for admission. All information regularly required for an admission application must be updated. The application will be reviewed in light of current admission policies.

Upon acceptance for readmission, the specific courses and fieldwork required for completion of the student's program will be determined in accordance with current degree requirements. Credit hours may not be granted for work completed more than five years before readmission.

If a student is terminated due to inadequate academic performance or a violation of the professional code of conduct, he/she/they may request reinstatement although this will not be considered until two semesters after termination. A written petition and supporting documentation (if applicable) must be forwarded by the student to the attention of the Chair of the Committee on Students (mandelschoolcos@case.edu) who will present the petition for possible review by the full Committee at the next scheduled meeting. The Committee meets monthly except in May, June, July, and August. In all cases, the student must remain separated from the School for a minimum of two semesters (fall, spring, and summer are considered semesters).

The petition must include the following: a) the student's reason for requesting the reinstatement, b) an identification of the circumstances that led to the termination, and evidence of personal, educational, or professional activities or accomplishments that would demonstrate the

student's readiness to return to school and successfully complete the degree program. The Committee will meet with the student (in-person, zoom conference call) if desired, and thereafter recommend to the Associate Dean of Academic Affairs one of three possible responses: 1) readmit, 2) readmit with condition, or 3) do not readmit.

Mandel School Audit Policy

A Non-Degree student [NDS] may audit a course with the consent of the Chair of the Master of Social Work Program at the Mandel School.

Students auditing a course must establish eligibility for admission, register and pay the required tuition and fees. NDS is expected to attend the audited class regularly. An auditor receives no credit for the course, but the course is included in the total credit-hours of enrollment for that semester. At the beginning of the course, the student and instructor should reach agreement regarding the requirements for a successful audit. If the student achieves a successful audit, the instructor records a grade of AD, which is entered on the student's transcript. If the student fails to meet the requirements established for a successful audit, the instructor will record a grade of NG. Degree-seeking students at the Mandel School are prohibited from auditing a course.

Non-Degree Study

Generalist courses may be taken on a non-degree basis with the permission of the assistant dean for academic affairs. A maximum of 12 credit hours earned on a non-degree basis may be counted toward requirements for the master's degree if the student is subsequently admitted as a degree candidate.
