

# COGNITIVE SCIENCE, MINOR

---

## Program Overview

The minor provides a good basic grounding in cognitive science, and allows students to narrow their exposure to those aspects of the field most relevant to their other academic interests. Individual programs can be developed in consultation with the chair of the department.

## Undergraduate Policies

For undergraduate policies and procedures, please review the Office of Undergraduate Studies section of the General Bulletin.

## Program Requirements

The minor requires students to take the following:

Code	Title	Hours
COGS 101	Introduction to Cognitive Science	3
One of the following:		3
COGS 102	Introduction to Cognitive Neuroscience	
COGS 201	Human Cognition in Evolution and Development	
COGS 202	Cognition and Culture	
Three COGS courses at the 200 or 300 level		9
<b>Total Hours</b>		<b>15</b>

The minor provides a good basic grounding in cognitive science, and allows students to narrow their exposure to those aspects of the field most relevant to their other academic interests. Individual programs can be developed in consultation with the chair of the department.
