ORAL AND MAXILLOFACIAL SURGERY, MSD

Degree: Master of Science in Dentistry (MSD)
Field of Study: Oral and Maxillofacial Surgery

Program Overview

The MSD program in Oral and Maxillofacial Surgery is a four year integrated experience that prepares the resident to practice independently in the field. A Masters level thesis is a required part of the program. The resident will train in the full scope of the specialty, with the required subspecialty rotations, including general anesthesia. The program also provides the skills to perform independent clinical research and eligibility to acquire Board certification.

Admission

Information about the program can be found on the **School of Dental Medicine website**.

Program Requirements

The MSD program in Oral and Maxillofacial Surgery fulfills all the Standards required by the Commission on Dental Accreditation for training programs in the specialty.

Dual Degrees

- **Oral and Maxillofacial Surgery, Professional Certification/Medicine, MD**
