

BUSINESS ADMINISTRATION, MBA/FINANCE, MFIN

Degree: Master of Business Administration (MBA)
Business Administration (MBA) Program Information

Degree: Master of Finance (MFin)
Finance (MFin) Program Information

Program Overview

Weatherhead School of Management offers a dual-degree program that is ideal for students interested in gaining the management skills to create sustainable value for business and society, along with specialized skills that prepare them to make immediate contributions in careers in corporation finance, investment banking, equity research, investment management, risk management and corporate consulting.

A student can submit one application to be admitted into the dual-degree program but will be considered for each program separately. A student currently in the first year of the full-time MBA program can also apply to be admitted into the dual-degree program. A motivated student may be able to complete both degrees in just five semesters.

- Learn breakthrough business concepts from the people who invented them
- Realize cross-disciplinary collaboration making creativity as vital as quantitative analysis
- Receive direct exposure to top employers to learn about career opportunities

Program Requirements

Students may complete the dual degree program of Master of Finance (MFin) and the Master of Business Administration (MBA) program in as quickly as five semesters by completing 81 credits hours of coursework in 2.5 academic years. Independently the Master of Finance degree is 30 credit hours and the MBA Program is 60 credit hours.

9 credit hours are double-counted for both degrees. This reduces the total number of hours required for the two degrees.

Students may also complete an additional 9 credit hours of Master of Finance coursework to receive departmental certification in a track of specialization, by taking appropriate additional electives.

MFin/MBA students may enroll only on a full-time basis, except during summer sessions. Dual degree students must receive both the MFin and the MBA degrees simultaneously upon completion of degree requirements. After completion of both degree programs, two separate diplomas are awarded. Coursework for both programs must be completed within six years of the date of initial enrollment in either program.
