

NURSING, MSN/NURSING PRACTICE, DNP

Degree: Master of Science in Nursing (MSN)

Program Information: bulletin.case.edu/nursing/programs/nursing-msn/

Degree: Doctor of Nursing Practice (DNP)

Program Information: bulletin.case.edu/nursing/programs/nursing-practice-dnp/

Program Overview

The Master of Science in Nursing /DNP combined program provides the opportunity for students with a BSN or MN degree to pursue the DNP while earning an MSN degree in a selected major or clinical specialty along the way. Application involves a dual submission process and applicants must be accepted into both programs.

Program Requirements

Students select an MSN major of clinical specialty and take MSN and DNP courses concurrently. Up to 9 credits of course overlap are allowed depending on the selected clinical major.

Plan of Study

Plan of study is based on MSN clinical major and DNP elective sequence chosen.
